This workbook is designed to be simple, powerful, and practical. Each section ties directly to the 3 modules of the Kingdom Accelerator.

✨ Bonus for Action-Takers ✨

Complete this worksheet and you'll unlock your Certified Time Boss Certificate — proof that you've invested the time to reclaim your time. Print it, frame it, or share it with pride… because finishing what you start is the first step to building the legacy you deserve.

.

Here's how to get the most from it:
✅ Pause after each module. Take 5–10 minutes to reflect and write your answers before moving on.

✅ Be honest with yourself. This isn't about looking good on paper—it's about clarity that changes your life.

✅ Don't skip the questions. The breakthrough comes from the thinking you do here, not just the teaching you hear or see.
✅ Revisit often. Your answers will evolve as you grow.

Mini-Course Re-cap:

Module 1: Navigator Focus → Spot the 2–3 activities that drive 80% of your results.
Module 2: Turbo Time → See the real numbers behind legacy income (and why low-ticket keeps you stuck).
Module 3: Nitro Systems → Discover how to let systems do the heavy lifting, so you're not carrying the business on your back.

⚡ Pro Tip: The more you put into this, the faster you'll collapse time and step into your role as the Time Boss of your business and your destiny.
Let's dive in—your future self will thank you

Module 1: Time Boss Navigator – Focus

Find the multipliers hiding in plain sight.

❓ Q1: What are the 10 activities you spend the most time on in your business right now?

⚡ Why answer this? If you don't know where your hours are leaking, you'll never find where your freedom is hiding. This isn't busywork — this is X-ray vision for your calendar.

❓ Q2: Which 2–3 activities from your list actually create income, growth, or clients?

_____

_____

_____

⚡ Why answer this? Most entrepreneurs major in minor things. Spotting your "vital few" activities is the first step to collapsing years into months.

❓ Q3: If you eliminated, automated, or delegated the rest, how many hours would you gain back each week?

⚡ Why answer this?...
This is the freedom math.
These aren't just hours — they're ballgames with your kids, dinners with your spouse, time to pray, dream, and live.

Module 2: Time Boss Turbo – Multiply

Discover why high-ticket creates freedom while low-ticket steals it.

❓ Q1: What's your monthly income goal (e.g., $10K, $20K)?

⚡ Why answer this? Vague goals create vague results. Clarity on your number is the first step to knowing if your current vehicle will ever get you there.

❓ Q2: At your current commission level, how many sales would it take to hit that goal? (Do the math!)

⚡ Why answer this? This is your hamster wheel in black and white. If the math shows you need hundreds of sales, no wonder you feel drained.

❓ Q3: Now, what if you earned $1,000 per sale instead? How many sales would it take then?

⚡ Why answer this? This is your “aha moment.” Fewer sales, same goal. This is how freedom is built — by working smarter, not harder.

❓ Q4: What would you do with the extra time if you weren’t chasing endless low-ticket sales?

⚡ Why answer this? This is where you connect the math to your heart. More family dinners, less stress, more mission — the real why behind the numbers.

Module 3: Time Boss Nitro – Systems
Leverage tools so you stop being the bottleneck.

❓ **Q1: List the 5–7 main tools or tasks you use to run your business daily.**

⚡ **Why answer this? Until you map your tech + tasks, you can't see the weight you're carrying. Spoiler: it's heavier than you think.**

❓ Q2: For each task/tool, ask: does this save me time, make me money, or grow my reach? If not, why am I still doing it?

⚡ Why answer this? Every “no” you circle is a chain you can break. The more you cross off, the more energy and margin you gain back.

❓ Q3: If your current system had to onboard 10 new clients tomorrow, could it handle it without breaking you?

⚡ Why answer this? This is your stress test. If the answer is no, you don't have a business — you have a job with fancier stress.

❓ Q4: Imagine your business with 80% automated and streamlined. What would your day actually look like?

⚡ Why answer this? This is the vision casting moment. Freedom isn't just a dream — it's a design. Paint the picture now, then step into it.

Author's Reflection

This is just the beginning of a greater journey, and I'm honored to share even a small part of my Kingdom ministry with you.

As we cross the chasm toward the greater things in life, remember: to stay stuck is unbiblical, and to not move forward is atrophy.

I sincerely hope our paths cross again — in business, on the stages of celebration, or even in person one day — to rejoice over your victories and Kingdom impact. Until then… live well, and be blessed.
Remember,

"Live with compassion, give generously, and seize life's golden opportunities." ✨
Carry it. Live it. Build legacy with it.
